DATE: February 22, 2016  
TO: All Bidders  
FROM: Robin Barrett-Robinson  
RE: 16-P002R – City Transportation Plan RFP

This addendum to the solicitation is being made for the following reasons:

1. In the Evaluation Criteria, 2<sup>nd</sup> bullet point - “Expertise of Personnel and Availability of Resources”: **Please remove the sentence that reads:**

*“The staff proposed to perform the work must have significant experience in the development of system-wide traffic signal timing, implementation, and fine-tuning. This proposal will identify one individual with such experience that will be responsible for overseeing the entire project.”*

2. On page 35 in Section 2.1 Focus Area #3: Plan – How does the City of Charleston get there? (paragraph 4) it reads:

*“The plan will provide an enhanced intersection analysis and optimization design to include at least 15 major intersections identified during the planning process. This will include cost estimates for each intersection project or program.”*

**The analysis associated with this part of the proposal should be represented as an optional item that may or may not be required by the City. A separate cost estimate for this item should be presented.**

If you have any questions, please feel free to call 843-724-7312 or 724-7314. Thank you in advance for your cooperation.
